6. After the company provides documentation, guidance, and support in setting up Validators Nodes to the community, BSP holders are co-shared in the profits from all the company's ecosystems forever.

REWARDS POLICY OF BSP

CONTRIBUTE IN CLOUD VALIDATORS POOL

BTI GROUP rewards strategic partners (2,000 BSP) for joining Cloud Validation Pool and participating in the development of partners and replication of the markets.

BTI GROUP uses 1,000,000 BBA generated annually BBA blockchain inflation mechanism divided equally by 2,000 BSP.

According to the Pre-2026 Roadmap, the rewards of 1,000,000 BBA are divided equally by 2,000 BSP monthly as dividends. Receive dividends by BBA.

$$\frac{1,000,000 \text{ BBA}}{2,000 \text{ BSP}} = \text{BBA}/1\text{BSP}$$

According to Roadmaps from 2026, shareholders (ie 2,000 BSP) will permanently receive 48% of profits from all BTI GROUP ecosystems, dividends paid by BBA or EUB.

$$\frac{48\% \sum \text{Profits}}{2,000 \text{ BSP}} = \text{EUB or BBA}/1\text{BSP}$$

CONTRIBUTE IN CLOUD VALIDATORS POOL

1BSP ≈ \$10K

1.	\$10,000	Bonus	01	BSP
2.	\$30,000	Bonus	04	BSP
3.	\$50,000	Bonus	08	BSP
4.	\$100,000	Bonus	20	BSP

QUANTITY: ONLY 2,000 BSP

The above policy is not cumulative, joining any pool will receive the number of BSP rewards of that pool.

GENERAL DEFINITION

Each Cloud Validators Pool is worth \$100,000, broken down into smaller configurations including:

- Nano Validators Pool (\$200, \$500, and \$1,000).
- Micro Validators Pool (\$3,000 and \$5,000).
- Medium Validators Pool (\$10,000, \$30,000 and \$50,000).
- A complete configuration called Cloud Validators Pool (\$100,000) and enjoy the full rewards and incentives included.
- Joined Nano, Micro, and Medium Validators Pool will be automatically merged into any Cloud Validators Pool in the incomplete Cloud Validators Cluster system.

The waiting time to complete the pool set up and for the pool to start working after joining the Cloud Validators Pool is from 01 to 24 hours.

contributors will receive the full amount of BBA shown on their account (ID) at the time of participating in any Cloud Validators Pool.

contributors have the permit to withdraw BBA to their personal BBA Wallet for holding or swap to USDT at any time.

BBA minimum withdrawal is 0.000001 BBA, withdrawal fee 0.000001 BBA and withdrawal time instantly.

USDT minimum withdrawal is 20 USDT, the withdrawal fee is 5% Σ USDT and the withdrawal time is from 01 to 48 hours.

Only individuals or representatives of a group of contributors who join the independent Cloud Validation Pool (\$100,000) will include 5% value bonus of the Cloud Validation Pool.

Derived of Half (DoH) algorithm halves the number of BBA rewards by 365.25 days/cycle (calculated from the genesis block). Creating scarcity and anti-inflation, helping BBA have value and sustainable growth.
